Anatomy

Logomark

The Cyclopt symbol is an abstract depiction of the eye of the cyclops, wanting to combine it with circular optimization.

Primary Logo

Our logo is the face of Cyclopt - the primary visual expression that we use to identify ourselves. Meaning that we need to be careful to use it correctly and to do so consistently.

Usage

Logo Versions

The Cyclopt Logo should be used mostly with the Cyclopt Blue, Cyclopt Teal and Black colours. The negative Cyclopt logo can be used on dark image backgrounds with high contrast between them.

Sometimes depending on background or application specific occasions can be used in Cyclopt Blue.

Clear space

Clear space is the area surrounding the global signature and icon that must be kept free of any elements, including text, graphics, borders, or other logos. The minimum clear space required for the preferred global signature is equal to $1/2$ the height and width of the Cyclopt Icon.

Logo Misuse

It is important that the appearance of the logo remains consistent. The logo should not be misinterpreted, modified, or added to. No attempt should be made to alter the logo in any way. Its orientation, color and composition should remain as indicated in this document.

Do not distort or alter the proportions of the logo

Do not add contours to the logo

Do not add a drop shadow to the logo

Do not change any elements or color

Do not use any other fonts

Do not rotate the logo to any angle
